MARIN & MARIN 2

Speaker Series

President Barack Obama

Thursday, October 7, 2021, 6:00PM PDT
Via Zoom

MPSF welcomes our subscribers to "A Conversation with President Barack Obama", 44th President of the United States.

With homespun values instilled in him as a child, his innate sense of optimism, and experience working to rebuild communities in crisis, President Obama developed his belief in the power of uniting ordinary people around a politics of purpose to bring about positive change.

In 2008, he was elected the 44th President of the United States, winning more votes than any candidate in history and taking office at a moment of crisis unlike any America had seen in decades. His leadership helped rescue the economy and the American auto industry, reform the healthcare system, and set a firm course to a clean energy future, while overseeing the longest stretch of job creation in American history.

On the world stage, President Obama's leadership helped to create a more equal society, unite humanity in coordinated action to combat a changing climate, and make the nation more secure at home and more respected globally.
