After leaving the White House, President Clinton established the Clinton Foundation with the mission to improve global health, strengthen economies, promote health and wellness, and protect the environment.

In addition to his Foundation work, President Clinton has served as the top United Nations envoy for the Indian Ocean tsunami recovery effort and as the UN Special Envoy to Haiti. Today, the Clinton Foundation is supporting economic growth, capacity building, and education in Haiti.

President Clinton was born on August 19, 1946, in Hope, Arkansas. He and his wife Secretary of State Hillary Rodham Clinton have one daughter, Chelsea, and live in Chappaqua, New York.

Dear Friends,

We are extremely pleased and honored to deliver an especially exciting set of speakers as we celebrate our 25th anniversary!

Each year MPSF, the largest community lecture series in the U.S., brings speaker events to our Bay Area communities in Marin, Oakland and on the Peninsula, designed for the exchange of ideas, opinions and perspectives. Speaker selection begins with what the issues of the day will be in the coming months. Along with our research, your suggestions help us build each season's lineup.

Our speakers are chosen on the basis of their extraordinary – usually lifetime – achievements and unique expertise in their particular field of endeavor. Never has that been more evident than with this coming season's selections.

Our intention is always to deliver insights of interest, stimulate your imagination and fill you with inspiration. We are sure that there is something for everyone in these upcoming opportunities to learn, be stimulated, laugh and enjoy a fascinating evening.

Sincerely,

Jim Weil
